

Medallion Hunt Questions

When did you find the Medallion?

- Wednesday early evening around 6:00pm. They had been looking around Keya Park for about 15-20 minutes and were on the way out of the park when they thought to check the playground. No one else was around, so they thought it was either a really good sign or a really bad sign.

Are you a Roseville resident?

- Yes, Julia is a homegrown Roseville resident and her roommate (Lauren) is a Roseville resident for the summer while they are back from college.

How many years have you participated in the Medallion Hunt?

- Julia has been participating in the Medallion Hunt since she was a little kid. She has very fond memories of trying to decipher the clues with her family growing up and exploring all of Roseville's Parks in search of the Medallion.
- Lauren had never joined in a Medallion Hunt, but was always eager to participate and wanted to join in on the fun this summer since she'd be living in Roseville during her summer break.

What clue made you narrow down your search?

- The clue that was released on Wednesday helped them pinpoint to a couple of locations where they thought the Medallion might've been hidden. They thought it might be located at either Rosebrook, Autumn Grove, Langton Lakes, or Keya Park. The verbiage from the first clue that gave them some direction was "In the heart of Roseville"; with Keya Park being almost directly in the center of the City.

What were some of the other parks/locations you were searching in?

- Keya was first park they selected to visit. They were apprehensive at first because they didn't see any other Medallion hunt participants and thought they might be in the wrong spot. They were going to stop by Rosebrook next had they not found the Medallion in Keya Park.

What was your initial reaction when you found the Medallion?

- A healthy mix of excitement and stunned disbelief! The playground structure was their last place they had thought of looking and couldn't believe they had found the Medallion. They were absolutely ecstatic when they found it!

Were you with anyone when you found it?

- Julia and Lauren were with one another looking for the Medallion. They were extremely motivated to find the Medallion and searched for it despite the rain!

Which gift card will you use first?

- SmashPark! They recently went there with some friends, but were wanting another excuse to go back. Getting to use the gift card and package there will be the perfect way for them to revisit SmashPark and get to hang out with friends.
